

**AG200 ProSludge**

### AG Probiotics Products for Agriculture

- Probiotics are living microorganisms that can be formulated into many different types of products for different application.
- Evidence showing probiotics can maintain a strong immune system. Probiotics also produce antibacterial biochemical substances that control, destroy, or kill pathogenic microorganisms.

## AG200 ProSludge:

A proprietary extra strength sludge eliminator, this product is delivered as a tablet to sink to the pond floor and maximize its impact on the sludge layer.

### Function:

- Eliminates Pond Sludge
