

AG700 ProAmmonia

AG Probiotics Products for Agriculture

- Probiotics are living microorganisms that can be formulated into many different types of products for different application.
- Evidence showing probiotics can maintain a strong immune system. Probiotics also produce antibacterial biochemical substances that control, destroy, or kill pathogenic microorganisms.

AG700 ProAmmonia

Using the natural properties of yucca plus a specially-selected blend of living probiotics, ProAmmonia breaks down ammonia and other toxic gases to restore your water to healthy levels.

Function:

- Lower Ammonia and Toxic Gas Levels
- Reduce Chemical Usage
- Grow Healthier Fish & Shrimp

RECOMMENDED DOSING :

- For Preventative Use (Healthy Shrimp) 5 Kgs per Acre
- Every two weeks
For Faster Action Shrimp Apply 10 Kgs Per acre, daily
